PROFILE

Software Engineer with 12+ years building fast, polished web applications for international clients. Specialist in React, Webflow, and WordPress — delivering SaaS dashboards, CMS platforms, and corporate sites that perform and convert. Known for clean, accessible code, strong async communication, and consistent delivery under deadline pressure.

EXPERIENCE

Senior Software Engineer

Jul 2025 - Present

Software Development Agency · Kathmandu, Nepal

- ▶ Led full front-end build of a large-scale Webflow platform — CMS-driven templates, GSAP animations, dynamic collection filtering, and accessible UI components.
- ▶ Expanded scope from Feb 2026 to include React component development and custom WordPress theme work.
- ▶ Delivered strong Core Web Vitals scores, semantic markup, and zero cross-browser issues.

Front-End Developer

Aug 2024 - Sep 2024

Software Development Agency · Kathmandu, Nepal

- ▶ Built a fully custom WordPress site for a home-services business using Elementor and ACF — custom post types, relationship fields, and archive/single templates from scratch.
- ▶ Delivered a fully editor-managed system; client team manages all content with zero code changes required.
